## 20 cm

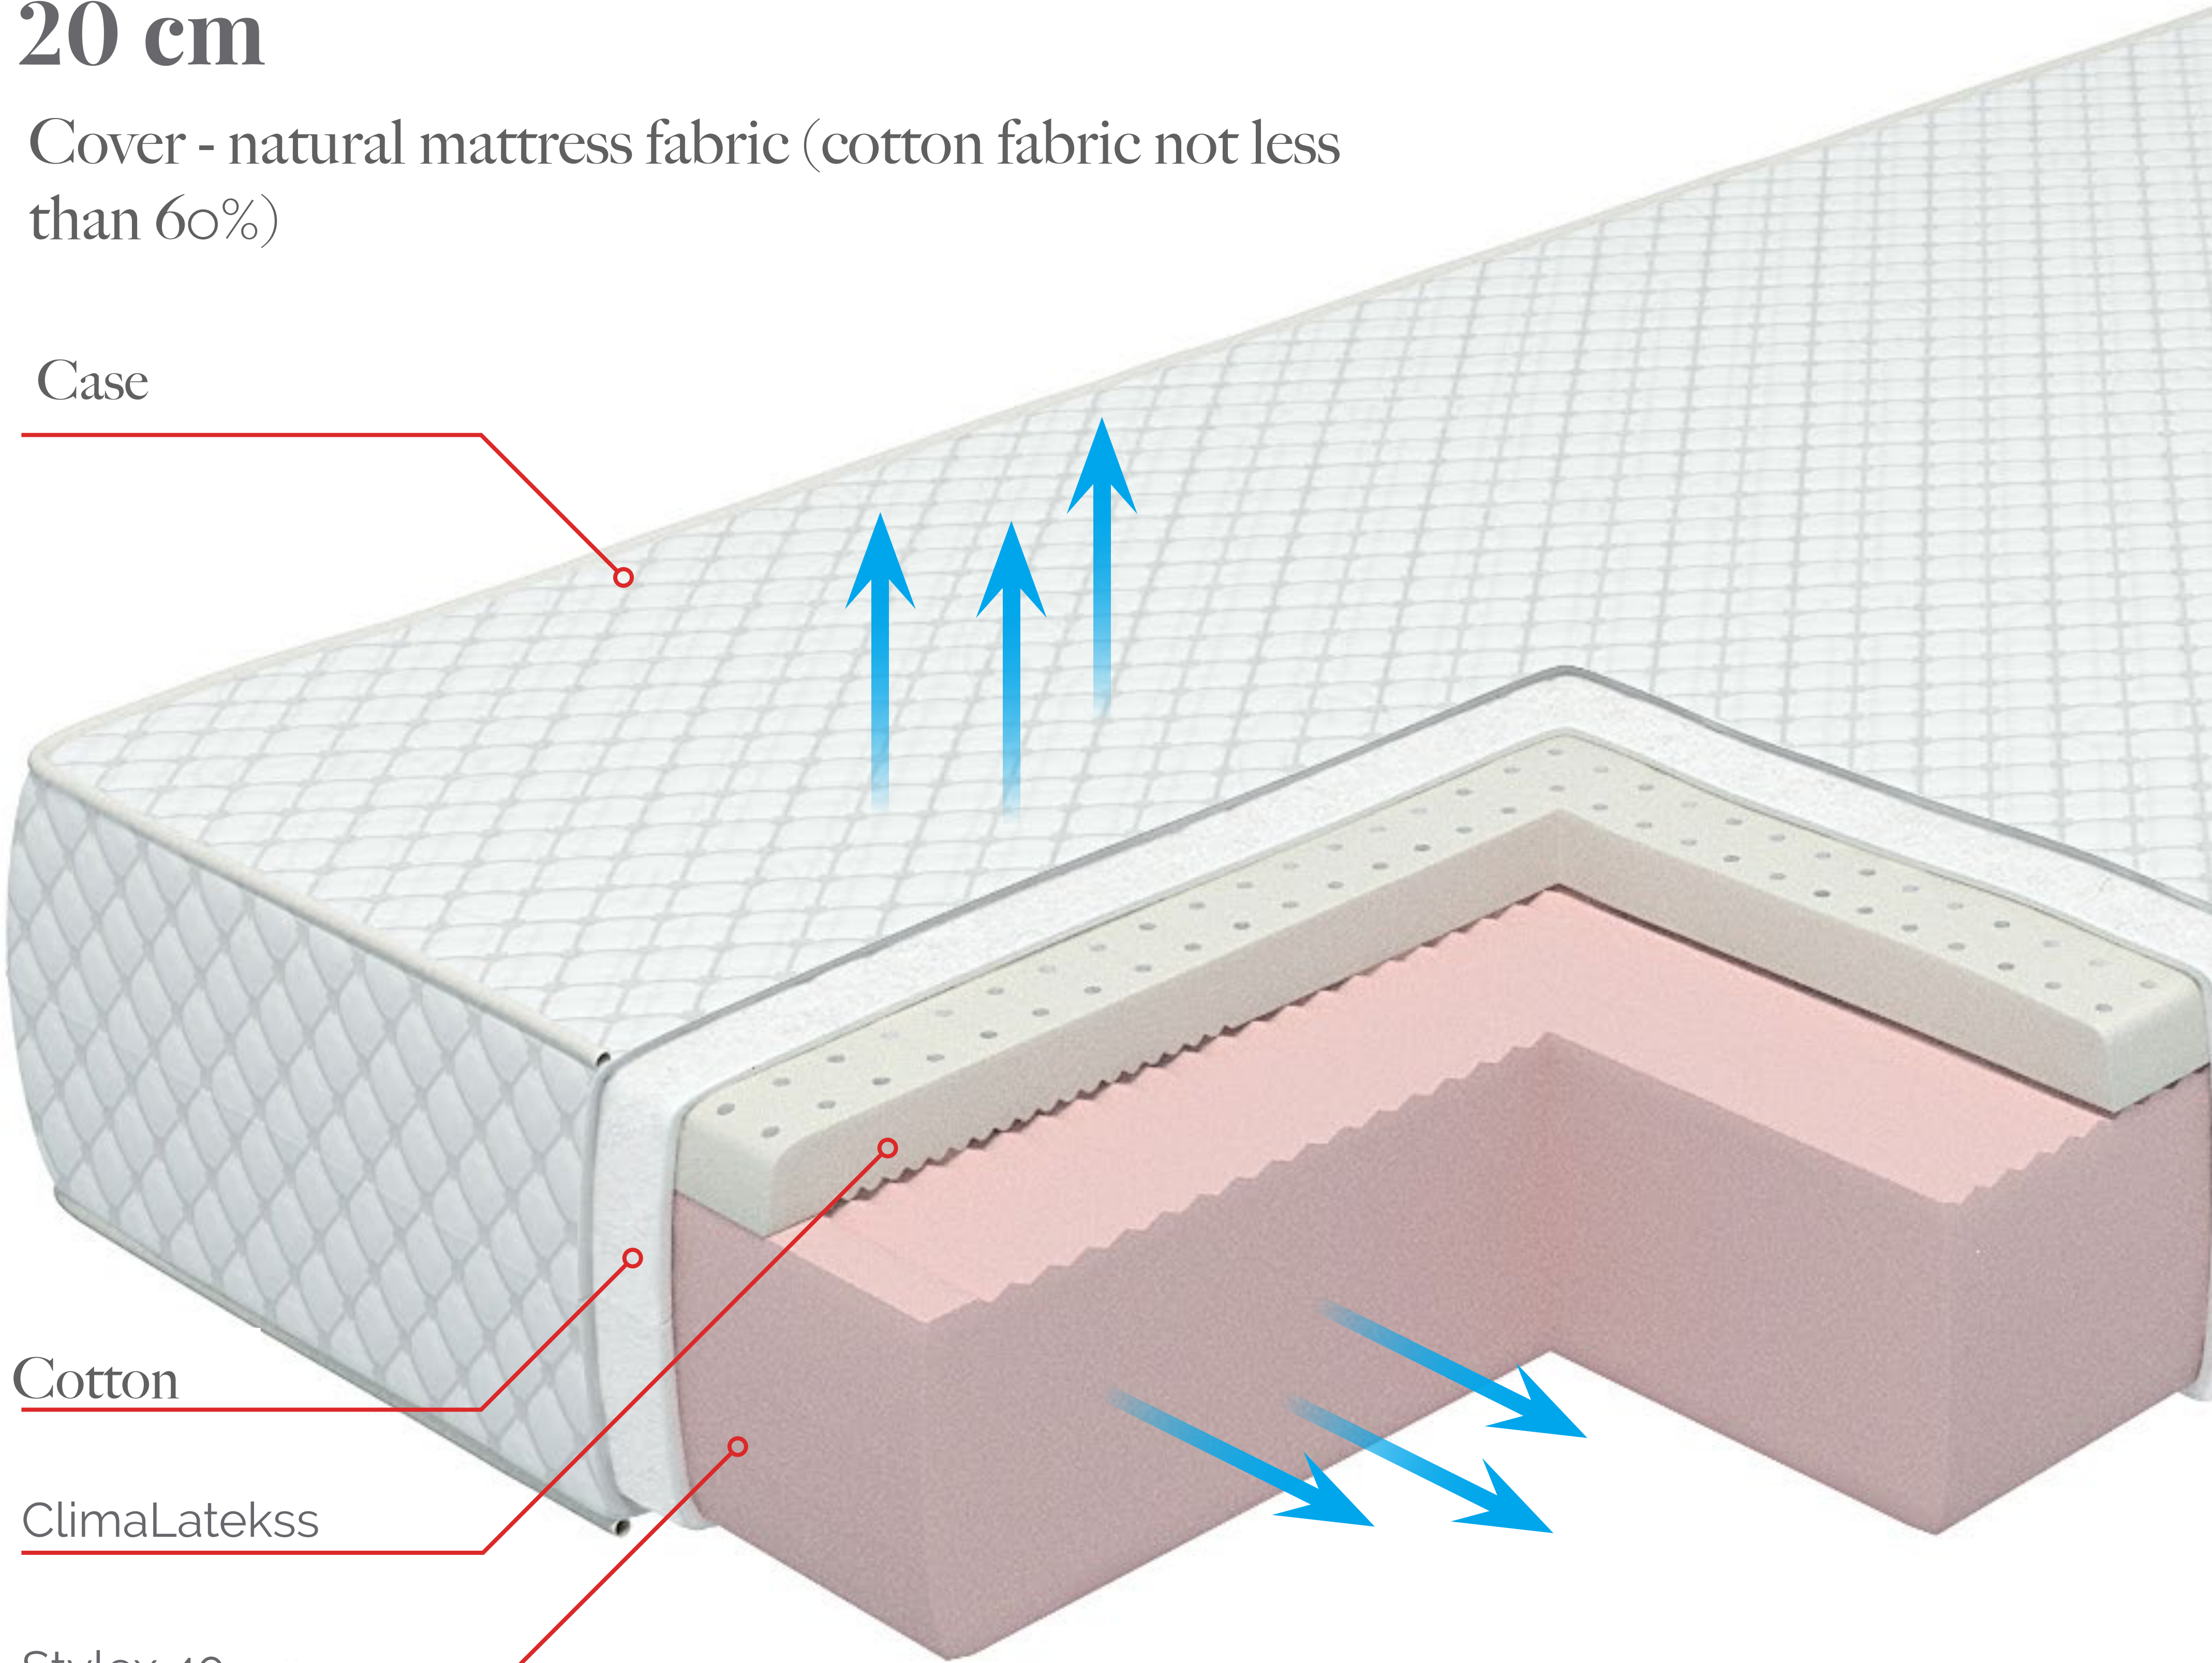

Cover - natural mattress fabric (cotton fabric not less than 60%)

Case

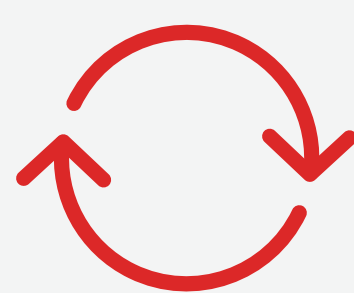

Cotton

ClimaLatekss

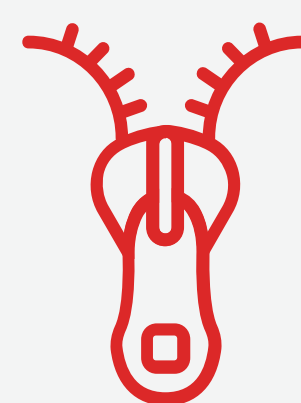

Stylex 40

Service life of at least 5 years

The mattress does not require to change sides during use

Zippered case, removable, easy care

Permissible load up to 100 kg (per one part of the mattress)

A mattress without springs of medium hardness, with high orthopedic properties. We use a durable Stylex 40 profiled material at the base of the mattress – the material has antibacterial properties, does not retain odors, is resistant to deformation, Climalatex is used on one side of the mattress – a natural foam that anatomically follows the contours of the body, which provides an average hardness of the mattress surface, thereby providing optimal body support during sleep.
