Permissible load up to 100 kg (per one part of the mattress)

The Diamond De Lux mattress is suitable for sleepers who sweat heavily during sleep. And also, for those who like to sleep on a medium-hard mattress. The ClimaLatex material that we use in the mattress is a natural soft material made from an extract of wood sap rubber. Due to the special composition and perforation, the mattress will maintain regular air circulation. The mattress is double-sided - both sides are the same.
