

Service life of at least 5 years

Zippered case, removable, easy to care for

Permissible load up to 110 kg (per one part of the mattress)

The Eliza Celeste De Lux mattress is suitable for people who like to sleep on a mattress that perfectly follows the shape of the body and balances the pressure during sleep. It is based on the Pocket independent spring system unit (Hoffmann, Germany), made of durable steel. The mattress is double-sided. On the one hand, the top layer of Memory is used, which will make your sleep especially comfortable.
